

CONSUMER CREDIT COUNSELING SERVICE

PO Box 1789 • 3230 N. Rockwell, Bethany, OK 73008-1789 • (405) 789-1687 • www.cccsok.org

Convey Communications has provided CCCS cabling services in three locations over the last year and has done a good job at each site. The cabling was done on time and in a professional manner. In fact, at one location where we were moving into a new office, the building manager commented that was the cleanest cabling job he had ever seen and appreciated the work Convey did for us.

I would recommend Convey Communications for future cabling should it be required for our organization.
