RE: Cabling Installation

Kirk:

This is to thank you on the level of professionalism used with the installation of our data and telephone wiring requirements. We are very pleased with the neat and workmanlike installation done. You handled our changes made during construction with ease and even surprised us with how well the final installation ended.

Thank you, and hope to be able work with you again.

Respectfully,

Thomas E. Fox, P.E.
MTF Engineering, Inc.
